AUDITOR'S REPORT ON COMPLIANCE WITH AGREEMENT

To Western Economic Diversification

We have audited the Northwest Manitoba Community Futures Development Corporation Inc. compliance as at March 31, 2018 with the criteria established in the Contribution Agreement between Western Economic Diversification and the CFDC. Compliance with the criteria established by the provisions of the agreement is the responsibility of the Board of Directors of the CFDC. Our responsibility is to express an opinion on this compliance based on our audit.

We conducted our audit in accordance with General Auditing Standards. Those standards require that we plan and perform an audit to obtain reasonable assurance whether the CFDC complied with the criteria established by the provisions of the agreement referred to above. Such an audit includes examining, on a test basis, evidence supporting compliance, evaluating the overall compliance with the agreement, and where applicable, assessing the accounting principles used and significant estimates made by management.

In our opinion, the CFDC is in compliance, in all material respects, with the criteria established by the Contribution Agreement.

INDEPENDENT AUDITOR'S REPORT

To the Directors of Northwest Manitoba Community Futures Development Corporation Inc.

Report on the Financial Statements

We have audited the accompanying financial statements of Northwest Manitoba Community Futures Development Corporation Inc., which comprise the statement of financial position as at March 31, 2018, and the statements of operation, changes in net assets and cash flow for the year then ended and a summary of significant accounting policies and other explanatory information.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with Canadian accounting standards for not-for-profit organizations, and for such internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with Canadian generally accepted auditing standards. Those standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained in our audits is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements present fairly, in all material respects, the financial position of Northwest Manitoba Community Futures Development Corporation Inc. as at March 31, 2018 and its operations, changes in net assets and cash flow for the years then ended in accordance with Canadian accounting standards for not-for-profit organizations.

See accompanying notes.

NORTHWEST MANITOBA COMMUNITY FUTURES DEVELOPMENT CORPORATION INC.

NOTES TO FINANCIAL STATEMENTS

YEAR ENDED MARCH 31, 2018

1. PURPOSE OF THE ORGANIZATION

Northwest Manitoba Community Futures Development Corporation is a community based organization that provides loans and financial services to small businesses that are otherwise unable to obtain financing. The organization was formed by amalgamation of two non-profit organizations incorporated without share capital, and accordingly is non-taxable under Sec. 149 (1) (e) of the Income Tax Act.

2. SIGNIFICANT ACCOUNTING POLICIES

FUND ACCOUNTING

Northwest Manitoba Community Futures Development Corporation follows the restricted method of accounting for contributions.

The General Fund accounts for the organization's operating costs and general revenues. This fund reports unrestricted resources and restricted operating grants.

The Investment Funds report restricted resources that are to be used for assistance to small businesses and entrepreneurs in the form of loans, loan guarantees or equity participation. Loans from the Loan Investment Fund for the Disabled and the Loan Investment Fund for Youth are limited to businesses owned and operated by disabled and youth entrepreneurs respectively. The organization is restricted in the types of loans that can be made according to its agreement with the federal government.

PLANT AND EQUIPMENT

The organization capitalizes capital assets as acquired in the Capital Fund. Capital assets are expensed in the Administration Fund when the payment is made for the asset or when the capital asset loan principal repayments are made. The total expense in 2016 was \$nil (2015 - \$nil) for assets acquired. As amortization is not an allowable expense by the funding agency, no provision for amortization has been provided in these financial statements.

REVENUE RECOGNITION

The organization recognizes its receipts of revenue when received or receivable if the amount to be received can be reasonably estimated and collection if reasonably assured. Investment income is recognized as revenue when earned.

FINANCIAL INSTRUMENTS

i. The organization initially measures its financial assets and liabilities at fair value adjusted by, in the use of a financial instrument that will not be measured subsequently at fair value, the amount of transaction costs directly attributable to the instrument.

The organization subsequently measures all its financial assets and liabilities at amortized cost, except for investments in equity instruments that are quoted in an active market, which are measured at fair value. Changes in fair value are recognized in the statements of operations in the period incurred.

Financial assets measured at amortized cost include cash and term deposits.

Financial liabilities measured at amortized cost include accounts payable and accrued liabilities.

NORTHWEST MANITOBA COMMUNITY FUTURES DEVELOPMENT CORPORATION INC.

NOTES TO FINANCIAL STATEMENTS

YEAR ENDED MARCH 31, 2018

ii. Impairment

At the end of each reporting period Northwest Manitoba Community Futures Development Corporation Inc. assesses whether there are any indications that a financial asset measured at amortized cost may be impaired. Objective evidence of impairment includes observable data that come to the attention of the organization, including but not limited to the following events: significant financial difficulty of the issuer; a breach of contract such as a default or delinquency in interest or principal payments or bankruptcy or other financial reorganization proceedings.

When there is an indication of impairment, the organization determines whether a significant adverse change has occurred during the period in the expected timing or amount of future cash flows from the financial asset.

When the organization identifies a significant adverse change in the expected timing or amount of future cash flows from a financial asset, it reduces the carrying amount of the asset to the highest of the following:

- i) the present value of the cash flow expected to be generated by holding the asset discounted using a current market rate of interest appropriate to the asset,
- ii) the amount that could be realized by selling the asset at the statement of financial position date and
- iii) the amount the organization expects to realize by exercising its rights to any collateral held to secure repayment of the asset net of all necessary to exercise those rights.

The carrying amount of the asset is reduced directly or through the use of an allowance account. The amount of the reduction is recognized as an impairment loss in the statement of operations.

When the extent of impairment of a previously written-down asset decreases and the decrease can be related to an event occurring after the impairment was recognized, the previously recognized impairment loss is reversed to the extent of the improvement directly or by adjusting the allowance account. The amount of the reversal is recognized in the statements of operations in the period the reversal occurs.

MANAGEMENT ESTIMATES

The preparation of the financial statements in conformity with Canadian accounting standards for not-for-profit organizations requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements, and the reported amounts of revenues and expenses during the reporting period. These estimates are reviewed periodically, and, as adjustments become necessary, they are reported in earnings in the period in which they become known.

DEFERRED CONTRIBUTIONS

The organization uses the deferral method of accounting whereby restricted contributions related to expenses of future periods are deferred and recognized as revenue in the period in which the related expenses are incurred. Contributions received pertaining to depreciable assets are recorded on the balance sheet as "Deferred contributions" and are amortized using the same method and rate as the plant or equipment funded by the contribution.

**NORTHWEST MANITOBA COMMUNITY FUTURES DEVELOPMENT
CORPORATION INC.**

NOTES TO FINANCIAL STATEMENTS

YEAR ENDED MARCH 31, 2018

3. PLANT AND EQUIPMENT	<u>2018</u>	<u>2017</u>

Less doubtful investments	<u>20,000</u>	<u>10,000</u>
	<u>\$ 977,877</u>	<u>\$ 996,421</u>

The majority of loans are currently non-performing loans, \$20,000 has been set-up as an allowance for uncollectibles. Management feels that the remaining loans will be collectible, as collection proceedings have commenced.

7. ECONOMIC DEPENDENCE

The organization derives 100.00% of its revenues from the Western Economic Diversification and Province of Manitoba Training Program (2015 - 99.81%).

NORTHWEST MANITOBA COMMUNITY FUTURES DEVELOPMENT CORPORATION INC.

NOTES TO FINANCIAL STATEMENTS

YEAR ENDED MARCH 31, 2018

8. OPERATING AND FUNDING

To March 31, 2010, Western Economic Diversification has provided repayable funding as follows:

Youth Investment Fund	200,000
Disabled Investment Fund	200,000
Investment Fund	107,363

These amounts have no specific date for repayment and repayment will not include interest.

9. FINANCIAL INSTRUMENTS

The organization's financial instruments consist of cash, term deposits and accrued liabilities.

Fair value of financial instruments

The fair value of cash, term deposits and accrued liabilities approximate their carrying value due to their nature or capacity for prompt liquidation.

Currency, interest rate and market risk

An organization is potentially exposed to currency risk, interest rate risk, and market risk. The organization is not exposed to currency risk (the risk the fair value of a financial instrument will fluctuate due to changes in foreign exchange rates) as it does not conduct in or hold foreign currency. Interest rate risk is the risk the fair value of a financial instrument will fluctuate due to changes in market interest rates. The organization does not hold any interest bearing liabilities. Market risk is the risk the fair value of a financial instrument will fluctuate because of changes in market prices caused by factors specific to the instrument or its issuer or factors affecting all instruments traded in the market. The organization is not exposed to market risk because the term deposits held are guaranteed.

Credit risk

Credit risk is the risk that one party to a financial instrument will fail to discharge an obligation and cause the other party to incur a financial loss or if there is a concentration of transactions carried out with the same party. The organization is not involved in instances exposing itself to credit risk.

Liquidity risk

Liquidity risk is the risk an entity will encounter difficulty in meeting a demand for cash or to fund its obligations as they come due or to liquidate assets in a timely manner at a reasonable price. Since the organization has more than adequate current assets to cover current liabilities, liquidity risk is minimal.

Other price risk

Other price risk includes the risk future cash flows associated with a monetary financial instrument will fluctuate in amount. Since the financial instruments are primarily short term, other price risk is low.
